

# All About Buying an Express Lawn Mowing Franchise

STARTING A NEW BUSINESS CAN BE DAUNTING, BUT WE AIM TO MAKE IT REALLY EASY. HERE IS SOME HELPFUL INFORMATION TO HELP YOU IN YOUR DECISION TO PURCHASE AN EXPRESS LAWN MOWING FRANCHISE.

## How much does it cost to purchase an Express Lawn Mowing franchise?

Costs range typically from \$9950 to \$20,000 + GST depending on type of business you buy.

If you are interested in buying an Express Lawn Mowing businesses, you have 3 options:

### 1. Buy a new lawn mowing round – with no customers

Occurs mainly in cities where there is not an Express Lawn Mowing presence yet. The advantages of this is the first franchise owner gets to service the whole city so it doesn't take long to get up and running with our online marketing. Once more people buy into that city you then simply manage the territory you purchased and sell off any customers that you have been servicing to the new franchise owner at a cost to them.

**If you are buying a totally new run it will be a total investment of \$9,950+GST to own your own Express Lawn Mowing business.**

### 2. Split territory – a new run but you purchase customers from an existing operator

Here you simply buy a new run with no customers, but you can buy some existing customers from another franchise owner. This occurs where there are already Express Lawn Mowing franchise operators in a city and they may already be servicing the territory you are buying. You simply purchase your territory and any customers that sit in that area from the operator who has been looking after them. They simply split their customer base from them to you at a price.

**If you are buying a new territory with a split customer base from another operator the price will generally be around \$12,000 - \$14,000 + GST.**

### 3. Resale

You simply buy an existing Express Lawn Mowing business that has already been operating and comes with a customer base. Benefits here are that you are up and running straight away.

**If you are buying an existing Express Lawn Mowing run the price will be negotiated with the current owner but it is very competitive usually around \$16000 - \$20000 + GST.**

We already have demand in areas where there are no franchises. You can also drive further local marketing into your own areas with flyer drops, print advertising, your own social activity etc and we can provide you with all the material and expertise needed.

## How it all began...

In 2016 Graham and Effie introduced Express Lawn Mowing into NZ as part of the Express Business Group which originated in Australia. Graham and Effie originally started out as the Master Franchisor for Express Lawn Mowing NZ as well as running two successful lawn mowing runs themselves in South Auckland. They have since negotiated the rights to own and manage Express Lawn Mowing NZ as a completely separate franchise business.

As of July 2018, Express Lawn Mowing NZ has no ties or connections to Express Business Group Australia or any other Express brand in NZ.

## Great things on the horizon:

Since the buyout Graham and Effie have invested heavily in Express Lawn Mowing NZ. There is a new brand refresh, new 0800 number, new call centre and a new look website as well as a leading edge franchise system. They have also invested in people, putting a sales team in place and a marketing resource to help drive leads to franchise owners. They are both extremely invested in not only selling franchises in NZ as there is so much demand, but as owner operators they have put great processes in place to fully support franchise owners to ensure they have lots of ongoing demand for their services.

### What our franchise owners think about us

"I have been with Express Lawn Mowing for over a year now and I could not be happier. I get to be my own boss but also have the support of a great head office. Effie and Graham are very supportive and have given me all the tools to do the job right"

Peter van der Voorn | Auckland Franchisor

It makes my day when I can make my customers day after we have done a big garden cleanup. I love being able to make a difference to their lives.
